COLD FRONT 300

18" EVAPORATIVE COOLING FAN

The Cold Front 300 portable evaporative cooler has a sleek, yet durable, design and will cool an area of up to 1200 square feet.

All you need is an outlet and a standard garden hose and you're ready to fill up, plug in, and cool down.

FEATURES

- The Cold Front 300 variable speed, direct drive is completely portable with a thick, UV resistant housing that will not leak or rust
- A large 16 gallon built in water reservoir offers hours of operation without a water supply connection
- 1200 sq ft of cooling coverage + 8' thick cooling media for durability, performance and 33% more coolign surface than the standard 6" cooling media.
