SUNFIRE SF120 RADIANT HEATER

120,000 BTU_s 🔥

The Sunfire SF120 is a commercial radiant heater with V-lock frame and lifting bracket for easy transportation. Uses XtremeClean™ technology for clean, odorless, quiet infrared heating.

The SF120 runs on 120,000 BTUs with optional thermostat connection. Dual fuel capable (diesel & kerosene). Requires 120V power source. Portable and convenient.

FEATURES

- Low noise compared to forced air, torpedo-style heaters.
- Advanced technology offering a pure, odorless, smokeless flame.
- Safely use inside your shop, warehouse, pole barn, or garage.
